

Editorial Article

The “**Iranian Journal of Materials Forming (IJMF)**” is an international open access journal in the fields of materials deformation and forming processes, which was established at Shiraz University in 2014. The journal is pleased to receive papers from scientists and engineers from academic and industrial areas related to all manufacturing processes. In addition, all deformations, including the elastic and plastic behaviors of materials and deformations due to failure, are part of this journal's field of interest. This journal has been a quarterly issue, and from 2021 onwards, it will at least publish 24 articles a year with the aim of having a quantitative criterion for entering Scopus. The quality and credibility of the journal have been ensured by appointing some of the most well-known professors in the world as members of its editorial board. Recently, some world-renowned scientists have also been joined the editorial board, making it stronger than before. In addition, the wide range of the selected referees in this issue is a sign of its scientific quality.

Editorial Board:

D. Banabic, Professor, CERTETA-Research Centre on Sheet Metal Forming Technology, Technical University of Cluj Napoca, Cluj Napoca, Romania

J. M. Cabrera Marrero, Professor, Department of Metallurgical Engineering, Universidad Politécnica de Catalunya, Barcelona, Spain

H. Daneshmanesh, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

K. Dehghani, Professor, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

R. B. Figueiredo, Professor, Department of Metallurgical and Materials Engineering, Universidade Federal de Minas Gerais, Belo Horizonte, Brazil

P. Hodgson, Professor, Institute for Frontier Materials, Deakin University, Geelong, Australia

K. Janghorban, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

T. G. Langdon, Professor, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

Y. C. Lin, Professor, School of Mechanical and Electrical Engineering, Central South University, Lushan South Road, Changsha, Hunan Province, P. R. China

R. Mahmudi, Professor, School of Metallurgical and Materials Engineering, Faculty of Engineering, Tehran University, Tehran, Iran

Y. W. Mai, Professor, Centre for Advanced Materials Technology (CAMT), School of Aerospace, Mechanical and Mechatronic Engineering, The University of Sydney, Sydney, New South Wales, Australia

M. M. Moshksar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

A. Najafzadeh, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

M. H. Paydar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

J. A. Szpunar, Professor, Advanced Materials for Clean Energy, Department of Mechanical Engineering, University of Saskatchewan, Saskatoon, Canada

M. R. Toroghinejad, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

N. Tsuji, Professor, Department of Materials Science and Engineering, Kyoto University, Kyoto 606-8501, Japan

S. M. Zebarjad, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Reviewers for This Issue:

H. Ahmadi Moghadam, Department of Materials Science and Engineering, School of Engineering, Shahrekord University, Shahrekord, Iran

J. M. Cabrera Marrero, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

L. Ghalandari, Department of Materials Science and Engineering Islamic Azad University, Shiraz Branch, Shiraz, Iran

R. Gostariani, Materials and Nuclear Fuel Research School, Nuclear Science and Technology Research Institute, Isfahan, Iran

T. G. Langdon, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

S. H. Mousavi, McGill University, Montréal, Canada

M. H. Paydar, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Reihanian, Department of Materials Science and Engineering, Faculty of Engineering, Shahid Chamran University, Ahvaz, Iran

M. R. Rezaei, School of Engineering, Damghan University, Damghan, Iran

A. M. Shafei, Department of Mechanical Engineering, Shahid Bahonar University of Kerman, Kerman, Iran

E. Shafei, Department of Material Science and Engineering, Islamic Azad University, Bandar Abbas Branch, Bandar Abbas, Hormozgan, Iran

Sh. Zangeneh, Department of Materials and Textile Engineering, Faculty of Engineering, Razi University, Kermanshah, Iran

S. H. Zhang, Institute of Metal Research, Chinese Academy of Sciences, Shenyang 110016, China

Editor-in-Chief

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran
