

Editorial Article

The “Iranian Journal of Materials Forming (IJMFM)” is an international open access journal in the fields of materials deformation and forming processes, which was established at Shiraz University in 2014. The journal is pleased to receive papers from scientists and engineers from academic and industrial areas related to all manufacturing processes. In addition, all deformations, including the elastic and plastic behaviors of materials and deformations due to failure, are part of this journal’s field of interest. The quality and credibility of the journal have been ensured by appointing some of the most well-known professors in the world as members of its editorial board. In addition, the wide range of the selected referees in this issue is a sign of its scientific quality. It is a matter of pride that this journal has been successfully released quarterly for a second consecutive year with the fourth issue being published in 2022. Unfortunately, the rate at which we used to receive high quality articles has decreased due to a rise in the rejecting rates. In order to publish on time and maintain quality, we need the cooperation of more experts in this specialized field.

Editorial Board:

D. Banabic, Professor, CERTETA-Research Centre on Sheet Metal Forming Technology, Technical University of Cluj Napoca, Cluj Napoca, Romania

J. M. Cabrera Marrero, Professor, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

H. Daneshmanesh, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

K. Dehghani, Professor, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

R. B. Figueiredo, Professor, Department of Metallurgical and Materials Engineering, Universidade Federal de Minas Gerais, Belo Horizonte, Brazil

P. Hodgson, Professor, Institute for Frontier Materials, Deakin University, Geelong, Australia

K. Janghorban, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

T. G. Langdon, Professor, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

Y. C. Lin, Professor, School of Mechanical and Electrical Engineering, Central South University, P. R. China

R. Mahmudi, Professor, School of Metallurgical and Materials Engineering, Faculty of Engineering, Tehran University, Tehran, Iran

Y. W. Mai, Professor, Centre for Advanced Materials Technology (CAMT), School of Aerospace, Mechanical and Mechatronic Engineering, The University of Sydney, Sydney, New South Wales, Australia

M. M. Moshksar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

A. Najafzadeh, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

M. H. Paydar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

J. A. Szpunar, Professor, Advanced Materials for Clean Energy, Department of Mechanical Engineering, University of Saskatchewan, Saskatoon, Canada

M. R. Toroghinejad, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

N. Tsuji, Professor, Department of Materials Science and Engineering, Kyoto University, Kyoto 606-8501, Japan

S. M. Zebarjad, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Reviewers for This Issue:

S. M. Arab, Department of Mechanical Engineering, University of Mohaghegh Ardabili, Ardabil, Iran

A. Beheshti, Department of Mechanical Engineering, George Mason University, Fairfax, VA, 22030, USA

J. M. Cabrera Marrero, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

Y. Dadgar Asl, Department of Mechanical Engineering, Technical and Vocational University, Tehran, Iran

A. Heidarzadeh, Department of Materials Engineering, Azarbaijan Shahid Madani University, Tabriz, Iran

M. Honarpisheh, Faculty of Mechanical Engineering, University of Kashan, Kashan, Iran

M. S. Joun, School of Mechanical and Aerospace Engineering, Gyeongsang National University, Republic of Korea

P. Kahhal, Department of Mechanical Engineering, Ayatollah Borujerdi University, Borujerd, Iran

J. Khalilallafi, Research Center for Advanced Materials, Faculty of Materials Engineering, Sahand University of Technology, Tabriz, Iran

R. Mahmudi, School of Metallurgy and Materials Engineering, College of Engineering, University of Tehran, Tehran, Iran

A. Masoumi, School of Mechanical Engineering, College of Engineering, University of Tehran, Tehran, Iran

S. Mosleh-Shirazi, Department of Materials Engineering, Shiraz University of Technology, Shiraz, Iran

M. Motamedi, Department of Mechanical Engineering, Shahreza Campus, University of Isfahan, Isfahan, Iran

M. H. Paydar, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Rakhshkhorshid, Department of Mechanical Engineering, Birjand University of Technology, Birjand, Iran

H. Rastegari, Department of Materials Engineering, Birjand University of Technology, Birjand, Iran

H. Sheikh, Department of Materials Engineering, Malek Ashtar University of Technology, Shahinshahr, Iran

H. Talebi-Ghadikolaee, Faculty of Mechanical Engineering, University of Kashan, Kashan, Iran

S. M. Zebarjad, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Editor-in-Chief

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran
