

Editorial Article

2024 marks the beginning of the second decade since the "Iranian Journal of Materials Forming (IJMF)" was established. This journal is an international open access journal in the fields of materials deformation and forming processes, which was established at Shiraz University in 2014. The journal is pleased to receive papers from scientists and engineers from academic and industrial areas related to all manufacturing processes. In addition, all deformations, including the elastic and plastic behaviors of materials and deformations due to failure, are part of this journal's field of interest. The quality and credibility of the journal have been ensured by appointing some of the most well-known professors in the world as members of its editorial board. In addition, the wide range of selected referees in this issue is a sign of its scientific quality. The journal has been published quarterly with great success, and the first issue of the year was released in 2024.

Editorial Board:

D. Banabic, Professor, CERTETA-Research Centre on Sheet Metal Forming Technology, Technical University of Cluj Napoca, Cluj Napoca, Romania

J. M. Cabrera Marrero, Professor, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

H. Daneshmanesh, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

K. Dehghani, Professor, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

R. B. Figueiredo, Professor, Department of Metallurgical and Materials Engineering, Universidade Federal de Minas Gerais, Belo Horizonte, Brazil

P. Hodgson, Professor, Institute for Frontier Materials, Deakin University, Geelong, Australia

K. Janghorban, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

T. G. Langdon, Professor, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

M. Liewald, Professor, Institute for Metal Forming Technology, University of Stuttgart, Stuttgart, Germany

Y. C. Lin, Professor, School of Mechanical and Electrical Engineering, Central South University, P. R. China

R. Mahmudi, Professor, School of Metallurgical and Materials Engineering, Faculty of Engineering, Tehran University, Tehran, Iran

Y. W. Mai, Professor, Centre for Advanced Materials Technology (CAMT), School of Aerospace, Mechanical and Mechatronic Engineering, The University of Sydney, Sydney, New South Wales, Australia

M. M. Moshksar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

A. Najafizadeh, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

M. H. Paydar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

J. A. Szpunar, Professor, Advanced Materials for Clean Energy, Department of Mechanical Engineering, University of Saskatchewan, Saskatoon, Canada

M. R. Toroghinejad, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

N. Tsuji, Professor, Department of Materials Science and Engineering, Kyoto University, Kyoto 606-8501, Japan

S. M. Zebarjad, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Reviewers for This Issue:

N. Anjabin, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

E. Bagherpour, Brunel Centre for Advanced Solidification Technology (BCAST), Institute of Materials & Manufacturing Brunel University London, London, UK

L. Chen, State Key Laboratory of Rolling and Automation, Northeastern University, Shenyang, China

R. Ebrahimi, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

E. Eftekhari, Department of Mechanical Engineering, Birjand University of Technology, Birjand, Iran

M. R. Forouzan, Department of Mechanical Engineering, Isfahan University of Technology, Isfahan, Iran

R. Gostariani, Mechanical Engineering Faculty, Shahrood University of Technology, Shahrood, Iran

M. Gerdooei, Mechanical Engineering Faculty, Shahrood University of Technology, Shahrood, Iran

A. Hajiani Boushehrian, Department of Civil Engineering, Islamic Azad University, Shiraz Branch, Shiraz, Iran

A. Khosravifard, Department of Materials Engineering, Shiraz Branch, Islamic Azad University, Shiraz, Iran

Y. C. Lin, School of Mechanical and Electrical Engineering Central South University, P. R. China

S. Mahdavi, Faculty of Materials Engineering, Sahand University of Technology, Tabriz, Iran

S. Mosleh-Shirazi, Department of Materials Engineering, Shiraz University of Technology, Shiraz, Iran

A. Rabiezhadeh, Department of Materials Science and Engineering, Islamic Azad University, Shiraz Branch, Shiraz, Iran

M. Reihanian, Department of Materials Science and Engineering, Faculty of Engineering, Shahid Chamran University, Ahvaz, Iran

S. Yaghoubi, Department of Mechanical Engineering, Faculty of Engineering, Ilam University, Ilam, Iran

Editor-in-Chief

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran
