

Editorial Article

The “Iranian Journal of Materials Forming (IJMF)” is an international open access journal in the fields of materials deformation and forming processes, which was established at Shiraz University in 2014. The journal welcomes submission from scientists and engineers from scientists and engineers in both academic and industrial sectors, covering all manufacturing processes. Additionally, the journal addresses various forms of material deformation, including elastic and plastic behaviors, as well as deformations caused by failure. The journal’s quality and credibility are upheld by a distinguished editorial board, featuring some of the world’s most renowned professors. Furthermore, the diverse group of referees selected for the journal underscores its scientific rigor. We are proud to announce that, for the fourth consecutive year, the journal has been successfully published quarterly, with the fourth issue of 2024 having been released.

Editorial Board:

D. Banabic, Professor, CERTETA-Research Centre on Sheet Metal Forming Technology, Technical University of Cluj Napoca, Cluj Napoca, Romania

J. M. Cabrera Marrero, Professor, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

H. Daneshmanesh, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

K. Dehghani, Professor, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

R. B. Figueiredo, Professor, Department of Metallurgical and Materials Engineering, Universidade Federal de Minas Gerais, Belo Horizonte, Brazil

P. Hodgson, Professor, Institute for Frontier Materials, Deakin University, Geelong, Australia

K. Janghorban, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

T. G. Langdon, Professor, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

M. Liewald, Professor, Institute for Metal Forming Technology, University of Stuttgart, Stuttgart, Germany

Y. C. Lin, Professor, School of Mechanical and Electrical Engineering, Central South University, P. R. China

R. Mahmudi, Professor, School of Metallurgical and Materials Engineering, Faculty of Engineering, Tehran University, Tehran, Iran

Y. W. Mai, Professor, Centre for Advanced Materials Technology (CAMT), School of Aerospace, Mechanical and Mechatronic Engineering, The University of Sydney, Sydney, New South Wales, Australia

M. M. Moshksar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

A. Najafzadeh, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

M. H. Paydar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

J. A. Szpunar, Professor, Advanced Materials for Clean Energy, Department of Mechanical Engineering, University of Saskatchewan, Saskatoon, Canada

M. R. Toroghinejad, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

N. Tsuji, Professor, Department of Materials Science and Engineering, Kyoto University, Kyoto 606-8501, Japan

S. M. Zebarjad, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Reviewers for This Issue:

A. Abyazi, Department of Materials Science Engineering, Azarbaijan Shahid Madani University, Tabriz, Iran

H. Ahmadi Moghadam, Department of Materials Science and Engineering, School of Engineering, Shahrekord University, Shahrekord, Iran

N. Anjabin, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Bakhshi-Jooybari, Department of Mechanical Engineering, Faculty of Engineering, Noshirvani University of Technology, Babol, Iran

L. Chen, State Key Laboratory of Rolling and Automation, Northeastern University, Shenyang, China

R. Eqra, Department of Energy Storage, Institute of Mechanics, Shiraz, Iran

A. Fardi Ilkhchi, Department of Materials Engineering, University of Bonab, Bonab, Iran

R. Gostariani, Materials and Nuclear Fuel Research School, Nuclear Science and Technology Research Institute, Isfahan, Iran

A. Hasanabadi, Mechanical Engineering Department, University of Birjand, Birjand, Iran

M. Jahedi, Department of Mechanical Engineering, University of New Hampshire, Durham, NH, USA

T. G. Langdon, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA, and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

S. M. H. Mirbagheri, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

K. Narooei, Department of Materials Science and Engineering, K. N. Toosi University of Technology, Tehran, Iran

S. Yaghoubi, Department of Mechanical Engineering, Faculty of Engineering, Ilam University, Ilam, Iran

S. M. Zebarjad, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Editor-in-Chief

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran
